

BEXHILL UK ANNOUNCED WINNER OF 2017 COMMERCIAL INSURANCE AWARDS

10th March 2017: Bexhill UK has won this year's Commercial Insurance Award for *Intermediary of the Year*. It has been given this prestigious award for the outstanding success and innovation demonstrated by its in-house premium finance solution.

The winners were announced at last night's Gala Dinner and Ceremony at the Millennium Hotel London Mayfair.

Ravi Takhar, CEO of Bexhill UK, said: "We are honored and delighted to have won this leading industry award. We are particularly delighted given the strength of the competition in this category. The win is testament to the hard work of our team to continually deliver first class service to our broker clients and as an intermediary partner to develop innovative new ways of adding value to their business."

Bexhill UK offers two premium finance models to the insurance market. The first is a traditional third party insurance premium finance facility and the second is an in-house model that give brokers the ability to own and benefit from their own in-house premium finance company. Bexhill UK provides a fully outsourced service in respect of all aspects of owning and operating in-house premium finance which includes regulation, software, direct debit collection, operations and support and all liquidity requirements.

Now in their fourth year, the Commercial Insurance Awards, hosted by CIR Magazine, are the showcase for excellence within commercial insurance. The Commercial Insurance Awards are unique in rewarding the particular issues around the insurance of commercial enterprises, and were created to allow the commercial insurance sector to shine.
