The Asset Management AWARDS 2021

Welcome and Order of Categories

Welcome

Welcome to The Asset Management Awards 2021, recognising outstanding achievement in the UK and European institutional/retail asset management spaces.

The asset management industry as a whole strives to continuously raise its standards, especially at times of both regulatory and economic stress. With COVID-19 sweeping across the globe last year and into 2021, economies have been seriously tested. Delivering a high level of innovation and outperformance in this environment is not an easy thing to do, so a huge congratulations to all of you who go home with well-deserved and hard-earned trophies tonight. The light continues to shine brightly for so many. Have a wonderful time.

Adam Cadle, Editor, MoneyAge
