# Sustainable Investment Summit

## ESG, SRI, Impact, Sustainability and Governance

20 MARCH 2024, Waldorf Hilton Hotel

### The Event

The Sustainable Investment Summit offers pension funds, insurance companies, charities and corporates the opportunity to both learn and network alongside their peers at such a key time for the sustainable investment industry.

This one-day conference is open to all those concerned with investment in this area, and will offer delegates up-to-date knowledge and guidance they need to help them understand all aspects of the sustainable investment market ranging from negative screening to impact investment. It will also give them the tools to not only meet but exceed their goals, benefiting their organisations and members.

Whilst once a small reserve of specialist investment, sustainable investing is rapidly becoming a mainstream activity as investors realise the gains from forward facing policies and the threat of declining performance from 'traditional' safe havens. However, as choice opens up, so does the responsibility to select the right forms of sustainable investment, and the issues of risk management and governance continue to present challenges."

### Sponsorship package includes:

- 1 x stand 2x2m
- 4 x delegate spots at the event

### Pre-event Marketing:

- Logo in event media information
- Logo in sponsors section on event website
- Logo on dedicated email alerts
