Waqas Samad, CEO FTSE Russell, Group Director, London Stock Exchange Group, provided opening remarks. Keynote addresses were given by Thomas P. DiNapoli Jr., New York State Comptroller, and sole trustee of the New York State Common Retirement Fund, and Hiro Mizuno, Executive Managing Director and CIO, Government Pension Investment Fund (GPIF), Japan. There were two panel discussions covering holistic, long-term approaches to climate risk in portfolio management and climate change in the context of credit risk and fixed income portfolios.
