Welcome & Judges

Welcome

Deborah Ritchie, Editor, CIR Magazine

Welcome to the Business Continuity Awards. After two decades of gala dinners around London's Mayfair, we are holding our very first online Awards Presentation to comply with government guidelines on large gatherings.

A special broadcast on 9th December will reveal the winners of this year's showcase for excellence in your profession – a profession whose significance and value has never been as tangible as it is today against the backdrop of a global pandemic.

This year's entries demonstrate that the profession continues to innovate and progress, and our judges were impressed by the numerous exciting tools and technologies being developed both here in the UK and overseas to address evolving continuity and resilience challenges.

As ever, we look forward to celebrating the finest of these with you. Congratulations to all those shortlisted, and best of luck.
